| It was people's idea originally which Hashem agreed to. Moshe emphasizes the people's role to lay the blame on their lack of courage.   | ה'                                       | בני ישראל        | Whose idea was it to send spies? |
| The mission included both parts but Moshe only mentions practical military part to emphasize that the spies were only to tell them which way to go and not whether or not to go. They sinned when they gave their own opinion about whether to go since that was not part of their mission. | Agriculture and Military                 | Military         | What was their mission?          |
| Moshe left out the bad part of the report in order not give an excuse to the previous generation and not to scare the present generation.   | Good Agriculture<br>Difficult to Conquer | Good Agriculture | What was their report?           |
